

Environment

We are committed to taking care to minimise harm to our vital planet in delivery of our vital services.

In striving to deliver on this commitment, we will:

- Comply with all applicable laws and regulations.
- Support the principle of reduce, recycle and reuse.
- Safeguard the environment for communities within which we operate through prevention of environmental impact and the considered risk management of all our activities.
- Continuously improve our Environmental Management System (EMS).
- Achieve and maintain certification to ISO14001 across our business.
- Focus on improving our environmental sustainability performance and report annually on progress.
- Actively promote environmental awareness through education for all employees.
- Develop environmentally sustainable purchasing principles.
- Seek to minimise our carbon footprint.
- Identify innovative environmental solutions for our vital services.
- Partner with others to provide cleaner and renewable energy sources.
- Ensure that all significant environmental hazards and risks are identified, assessed and controlled in delivering our business objectives.
- Conduct our business in a way that all employees understand that they are responsible for Jemena's environmental performance in their day to day activities.

It is a requirement that all employees, contractors and visitors comply with the requirements of this policy and our Environmental Management standards at all times.

Paul Adams
