Checklist

Please ensure that the following attachments are included in your application:

- Copy of the Certificate of Incorporation
- Payment for the Application Fee

Notes

1. Negotiated Connection Process

Applications for connection services for a new underground residential or industrial development are considered negotiated connections and our negotiated connection process applies. Further information about our negotiated connection process is available on our website.

If this application does not contain such information as we may reasonably require to make an offer we will seek such further information from you as soon as practical.

2. Fees and Charges

Note that for large connection projects we may charge a fee for the assessment of your application. The Application Fee, payable to Jemena, accompanies this Application.

3. Connection Services Offer

The offer to be made by us in response to this Application will include an obligation that the Applicant will comply with the applicable clauses set out in the *Essential Services Commission Electricity Distribution Code* ("the Code"). A copy of the Code is available on the Essential Services Commission website www.esc.vic.gov.au

The offer for connection services will be made in accordance with the requirements of Chapter 5A of the National Energy Rules, and the Code.

We can provide the following options for all new urban medium density underground residential developments.

- We will project manage, design and construct the internal works required for electricity supply to the development, subject to the contestability process set out below:
or
- You will be responsible for project management of the internal works required for electricity supply to the development, including design and/or construction.

4. Contestability

In submitting this application you confirm that your rights and obligations, with respect to your rights to request us to call tenders for augmentation work in relation to the provision of these connection services or to call tenders yourself, have been explained fully and hereby advise that:

You have been advised that the following options are available to you upon receipt of final design and/or Jemena's initial estimate:

- That you may request us to call tenders for undertaking augmentation work associated with the connection service.
- That you may waive your rights to request us to call tenders and that we carry out the construction/installation of the internal reticulation of the subdivision.
- That you may carry out the construction/installation of the internal reticulation of the subdivision utilising contractors approved by us.
