If *you* do not specify a *retailer* & provide the customer number allocated by the *retailer* for the *supply address*, then unless *we* agree otherwise with *you*, *we* will be entitled to (1) nominate a *retailer* to sell gas to the *supply address*, (2) reject this *application* or (3) not proceed with the *application* until *you* advise *us* of the details of the *retailer* for the *supply address*. *We* may, on *your* request, establish the connection but leave the meter wadded/locked (i.e. not allocate a *retailer* to the *supply address*). Please indicate here if *you* wish to discuss this with *us*. **Yes**

The nomination by *us* of a gas *retailer* does not prevent *you* or the *Client* from subsequently choosing a different gas *retailer* at any time after the natural gas connection has been established. *We* recommend that a *retail gas agreement* is entered into prior to establishment of the gas connection as this will ensure that gas is supplied by the preferred *retailer* from the commencement of supply.
